

The mission of the Colorado State University Bookstore is to provide students with essential tools to successfully pursue and achieve their educational goals and objectives for the purpose of higher learning. The Bookstore will cultivate a culture that fosters the exchange of ideas, recognizes individual value, and is committed to the education of students, staff, campus, and faculty. We will empower a dedicated staff whose priority is to exceed each customer’s expectations.

The CSU Bookstore is owned and operated by Colorado State University and returns all revenues to CSU for student programs and services. We are here to help and support CSU students, the CSU Community, and you.

By keeping your departmental purchases on campus, you:

- Support CSU students by keeping dollars local
- Receive personal customer service by CSU employees who share CSU’s mission and understand your needs
- Receive discounts for departmental purchases

Did you know you have a significant impact on the amount of money students pay for textbooks? When you turn textbook orders in on time, the Bookstore is able to provide:

- More used textbooks
- Less expensive “alternatively formatted” textbooks (perfect bound, softbound, unbound)
- More competitive pricing through alternative textbook sources
- More textbook rentals

Each of these benefits helps reduce the cost of textbooks to CSU students.

Key contacts	Terry Clayton	970-491-3544
