

CREATING AN ACCESSIBLE ENVIRONMENT FOR STUDENTS

PRESENTER: RHONDDA WALKER

Abstract: An open dialogue on how instructors and staff can create an accessible environment for individuals with visible and invisible disabilities. Session will include description of some disabilities, suggestions and strategies and statistics of types of disabilities seen at CSU.

Objectives; Increase awareness of disability issues as well as add to strategies for anyone who works with staff, students or the public with disabilities.

Objectives: Increase awareness of disability issues as well as add to strategies for anyone who works with staff, students or the public with disabilities.

Bios: Rhondda Walker, Ed.D. has been a special educator for 20 years, an adjunct instructor at UNC in special education for 16 years, and a disability specialist at CSU for 3 years. She is passionate about social justice, access for all, and dogs.
