

Developing and Evaluating Teaching Effectiveness at CSU

ENGAGE & INTEGRATE

Participate in professional development aligned with the Teaching Effectiveness Framework - integrate practices into your teaching

- Attend TILT workshops aligned with the Teaching Effectiveness Framework and your goal
- Join a Community of Practice or collaborate with colleagues
- Observe a colleague or join a Teaching Square
- Subscribe to a journal or newsletter that addresses best teaching practices
- Connect with your MTI Coordinator
- Redesign or develop a course

REFLECT & ASSESS

Use evidence to gauge teaching strengths and growth areas

- Recommended tools to reflect on your teaching:
- Self-reflection with CSU Teaching Effectiveness Framework
 - Teaching Squares/ Peer observation forms
 - Annual Review
 - Course Surveys
 - Wieman Institute: Teaching Practices Inventory/ COPUS
 - Institutional Research Data

PLAN

Develop a success strategy and identify measurement tools to demonstrate growth

- Recommended tools to measure teaching growth or student success:
- Self-reflection with CSU Teaching Effectiveness Framework
 - Teaching Squares/ Peer observation forms
 - Course Surveys
 - Wieman Institute: Teaching Practices Inventory/COPUS
 - Institutional Research Data

IDENTIFY & ALIGN

Choose one growth area from the CSU Teaching Effectiveness Framework

- Align a growth area with domain on the CSU Teaching Effectiveness Framework
- Set a SMART goal: Specific, Measurable, Achievable, Relevant, and Time-bound
- Use the Framework to explore criteria for growth and professional learning opportunities
